

Discussion of Regulations

The security zone regulations for Coast Guard Base Miami Beach were published as an emergency rule in the Federal Register on February 13, 1991 [56 FR 5754]. These security zone regulations were established due to the potential threat stemming from the United States' support of United Nations Resolutions calling for the removal of Iraqi military forces from Kuwait. This increased the possibility of acts of terrorism or sabotage by unknown person(s) against United States Coast Guard Base Miami Beach facilities. In 1991, the United States and other United Nations member forces freed Kuwait and the region was restored to order. This action decreased the possibility of acts of terrorism or sabotage against United States Coast Guard Base Miami Beach facilities. Therefore, this security zone regulation is no longer necessary, and the Coast Guard is removing the rule at 33 CFR § 165.T0706.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has not been reviewed by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. This rule will remove a current security zone and thereby lessen any economic burden.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), the Coast Guard must consider the economic impact on small entities of a rule for which a general notice of proposed rulemaking is required. "Small entities" may include (1) small business and not-for-profit organizations that are independently owned and operated and not dominant in their fields and (2) governmental jurisdictions with populations of less than 50,000.

For the reasons set forth above, the Coast Guard certifies this action will not have a significant economic impact on small entities.

Collection of Information

This rule contains no collection-of-information requirements under the

Paperwork Reduction Act (44 U.S.C. 3501 et seq.).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that the rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environment

The Coast Guard has considered the environmental impact of this rule and has determined pursuant to section 2.B.2. of Commandant Instruction M16475.1B (as revised by 59 FR 38654, July 29, 1994) that this rule is categorically excluded from further environmental documentation. A categorical exclusion checklist and categorical exclusion determination have been completed and are available for inspection and copying.
